

BLUE SKY COMPETITION

OVERVIEW

The Blue Sky Contest is a National Competition that encourages students to identify visionary ideas, which address long-term engineering challenges. The theme for this year's contest is **Smart Mobility for Smart Cities**. Teams will submit a written proposal, give a presentation and interview, and create a poster for this competition.

ELIGIBILITY

Per national guidelines, there is no restriction on the number of team participants..

PROCEDURE

Please review the [national rules](#) for Blue Sky requirements. Deliverables should conform to the [national rules](#).

PROCEDURE

- a. Written Proposals must be submitted by **February 22, 2020**.
- b. Presentation files will be accepted until the day of the event. As a contingency should technical problems arise, teams are encouraged to bring a backup file on a USB drive.
- c. Teams will submit posters the day of the event.

JUDGING

The competition will be conducted and scored according to the [national rules](#).

QUESTIONS

Direct any questions to [conference organizers](#). Answers will be posted on the Q&A page.
